

WORKPLACE SAFETY INITIATIVE:

The... "Safety First" Key Holder!

The **LeClasp "Safety First" Branded KEY Holders (#1450)** are an effective vehicle (giveaway, handout, safety-related promotional gift) to help JH&S committees **reinforce** specific **WORK SAFE** messages and slogans.

The multi-function and practical **LeClasp Key Holders** come decorated with your choice of 75+ Safety First Branded message or slogan on the **FRONT side**. For a small fee, the **BACK side** can be completely customized with the company logo and personalized with the Joint Health and Safety Committee slogan (**#1252**).

Your choice of FRONT Side Safety First Message:

#1250 - Optional Back Side Company Logo & JHSC Safety Slogan

The most significant impact occurs when **WORKERS** family, relatives and acquaintances **SEE** the very noticeable/recognizable **GREEN Safety First symbol** and "unconsciously" enquire about the Wh-questions (Who? What? Where? When? Why?) of the **work safe warning, reminder and reinforcement** message or slogan displayed on the key holder. **EACH WORKER** should anticipate explaining the safety issue being addressed at least **TEN TIMES** during the first week!

Recommended WORKER giveaway at safety-themed seminars, workshops, meetings, new-hire (student) orientation classes, annual NAOSH safety week activities, commemorating safety milestones... **WOW impact guaranteed.**

PPPC 960108

ITEM# 1450 - White Nickel Plated Finish
