

STOP!

Yes. You! What Can LeClasp™ Do For You?

The **LeClasp Keyholder** stands apart from inferior keyrings. It has a patented design and easy to use "press action", avoiding the usual frustration and broken nails. Even when wearing winter gloves!

Black Nickel
#2000

Each keyholder is supplied with 4 split rings, allowing related keys to be kept together. Other benefits include:

Easily
claps,
attaches,
and hooks
personal stuff.

The **LeClasp** is stylish and durable. Made from solid brass, it has an intrinsic anti-stretch spring which ensures a prolonged working life and a shape that never contorts. Formed of a single piece of brass, there are no individual parts to break or loosen.

We offer **LeClasp** in 4 attractive jewellery caliber finishes. To complete your personalised order, we offer a variety of distinctive customization processes and standard business card poly bag packaging.
