STANDARD

How To Use Your Safety Jewellery Holder.

Congrats. You are the new owner of a safety product from *LeClasp™*.

The *LeClasp™ Safety Jewellery Holder* was designed to help organizations prevent harmful, at times life threatening, jewellery-related accidents and injuries. That can happen when "dangling" neckwear, jewellery and other similar items worn by workers can come into contact with objects, get caught/stuck against equipment and moving parts of machinery, fall and vanish in food, etc.

Incorporating an innovative and patented design, *LeClasp™ clasps/holds* nearly all styled, sized and shaped valuable jewellery and similar personal possessions.

SIMPLE TO USE AS... 1-2-3!

1. Place thumb and index finger on the diagonal lines found at the center of your *LeClasp™*

2. Squeeze (see above diagram)

3. Add and remove jewellery at will

The *LeClasp™ Safety Jewellery Holder* can be utilize at the **workplace**, gym, and even when on vacation to attach **priceless watches, necklaces, bracelets, rings, earrings** and **body piercing**. Your potentially hazardous jewellery is now kept **safe, secure and protected as one — together** ready for **safekeeping** inside a locker, handgym bag or jacket/cellular pocket. *Consequently, you will lose less precious bling-bling too!*

Visit the website www.leclasp.com for additional information on Phase 1 of the *LeClasp™ No Jewellery Program*. While there, also checkout our well-liked *LeClasp™ Key Holder* — available decorated with 1) workers Medical Alert ID symbols (*medical conditions, allergies, prescribed meds*) as a "substitute" for dangling **Medical Alert** bracelets at the workplace (Phase 2), 2) *branded with your choice of "Safety First" campaign message or, 3) Custom decorated with your organization logo.*

We hope our unique and useful *LeClasp™ Safety Products and Solutions* become an integral part of your Health and Safety Program. You'll soon wonder how you survived without.
